Subject: What grade did Levees get on the Infrastructure Report Card?

Come to the Monday, January 30, 2006 meeting at Stantec from 7:00 pm to 8:00 pm to find out. This is also an excellent opportunity to learn the specific nuts and bolts of infrastructure evaluation from our Levee experts. We expect to have a Levee Citizens Guide out by the February 22 Legislative Day. Review committee, start formulating your review check list. Production committee, start researching local printing companies. Monday's meeting will be a great opportunity to ask questions from our Levee experts and provide your insight on the Citizen's Guide narrative. Also, for those of you with creative and artistic insights, Monday's meeting will be a great opportunity to express your ideas on what the Levee Citizen's Guide cover should look like. You won't want to miss this informative meeting. Please feel free to invite your colleagues. Thank you.

David M. Schwegel, PE, TE, PTOE
